

	Week 1 14.9	Week 2 21.9	Week 3 28.9	Week 4 5.10	Week 5 12.10	Week 6 19.10
Forest School	Exploring the Enchanted Woods The children have a visit from two of the professors from Hogwarts itself! It seems there is magic in the Humshaugh area – a woodland where magical creatures have been found. Have the chn of Humshaugh got what it takes to find the woods and its creatures? Will these muggles ever make wizards?	Wizards and Wands! The moment of truth – the sorting hat reveals who has what it takes to become a wizard. Amazingly everyone does, so then the chn choose from a selection of ‘wand woods’ to make their own unique wand.	Potions Making potions from various ingredients. The children must decide what their potion does. This could be a good indoor/outdoor session. Consider moving to week 5?	Spells and Charms The chn invent their own spells after finding magical words hidden in the woods. We will also be making magical charms.	Mythical Beasts and Talking Trees Tell the children that in these woods many of the trees can speak. The chn make faces in the trees using clay. They also make their own clay creatures and create mini creature habitats.	Hogwarts Halloween Special For our Hogwarts Halloween special we will be making broomsticks, as well as doing some of our favourite activities from the previous week. The session will be rounded off with Potters Chocolate Pud and the chn reading spells from the previous weeks.
