

Humshaugh Cof E First School Sport Premium Report 2017-2018

In 2017-2018 the school received £16,310. The funding was used in a variety of ways to further improve and develop teaching and learning of PE across the whole school. After evaluating the positive impact from our previous PE provider we are in the process of seeking an alternative provider that offers better value for money and will introduce our children to new experiences and opportunities within sport. This provider will also focus on providing support and advice for existing staff and those new to school and new to year groups. This provider will not be available until September 2018 so an interim solution was for the Class 1 and 2 teachers to deliver PE. We continued to encourage children to lead healthy and active lifestyles through our teaching and learning and organised events such as The Golden Mile and sponsored runs. Having already seen the impact of funding from previous years we hope for this year's funding to continue to have a lasting impact on provision of PE and sport within our school. Areas to address in PE this year were to audit equipment and purchase a range of new items, focus on Lower Key Stage 2 swimming attainment, focus on assessment for learning in PE and to focus on participation and enjoyment of sport and outdoor activities.

Focus	Cost	Staff involved	Impact
Swimming and transport	£1,860	Lower Key stage 2	Extra half term provision improved standards in particular in Lower Key stage 2. More children reached NC year group expectations for swimming. All children improved their knowledge of water safety.
