

Humshaugh Topic Overview-Class 2

Summer 1st 2015-Mrs Rainford

Y2/3/4 RE

We will spend time this half-term looking at some basic rules in Sikhism and Judaism and thinking about what impact following these rules has on the lives of Sikhs and Jews. We will then have an opportunity to compare this with what we know about the Ten Commandments and with what we learnt earlier in the year about the Five Pillars of Islam.

Y2/3/4 French

The children will continue to practise weather phrases and will learn the days of the week in French so that they can describe the weather forecast on a particular day. They will also use a map of France to locate some well-known French towns and then listen to French children talking about the weather where they live.
