

Sarah Dodd

I grew up in Humshaugh and went to the village school 30 years ago. My son Arthur, has just started in Reception class, and my daughter Jessie will begin in September 2020. I am a special needs teacher and have taught children of all abilities and ages in a variety of schools and educational settings.

I have a strong understanding of how schools work and how to get the best out of children and young people. I feel passionately that we are extremely fortunate to have such a great team working at Humshaugh, and will be using my knowledge, skills and experience to ensure that the school continues to thrive and succeed.

I am involved in many village groups and projects and feel strongly that the key to success of a rural school is the integration and positive links that are forged and maintained with the local community.
